

# As promised, here is some help for your Chapter 2 test!!

## **LISTENING:**

There are two listening sections, which deal with vocabulary. In the first section, you will need to decide if the activity mentioned would most likely occur during the school/work week or the weekend. In the second section, you will listen the activities that someone mentions doing, and match them with pictures. Study that vocab to prepare for listening!!

## **READING:**

There are two reading sections on the exam. One in which you will look at an invitation, and answer true/false questions about what is on the invitation. The second section involves a dialogue. You will read what the people say, and answer some multiple choice questions. Again, know your vocabulary for these sections.

## **CULTURE:**

Your test review outlines the culture topics for you. Go back and re-read the “Flash Culture” readings that are found on the vocab lists that you have in your binder, but also read pg. 50 to check out what it says about the “bourée”. Know that it is a traditional French dance.

## **VOCABULARY:**

There are two small sections that quiz you over specific vocabulary, but all the sections require that you **know your vocabulary well!!** Be able to choose a word that doesn't belong with the others in a group of three words for one section and for another section be able to fill in the blanks with “mais”, “ou” and “et”.

## **GRAMMAR:**

This is the toughest of the test. You will need to know when to fill in blanks with le, la or les. Be able to complete sentences with a preposition for “to the” or “at the” **and a place**. To prepare for this section, you should **study all of the places** AND the preposition that would be used in front of it. Also, make sure you know how to conjugate –er verbs!!!

## **WRITING:**

Write a paragraph for me describing three things you like to do, and where you like to do these things

That summarizes the test. Now, for some extra help. There are a few exercises that you could do with your **online textbook** that might help you practice. And, if you do any **THREE** of these exercises from your online text and print them out, I will give you 5 extra credit points on your test.

### **Try these from your online textbook:**
