Français 1: Chapitre 4 – Mon année scolaire

Une infographie d'année scolaire

Une infographie - An information graphic (infographic) is a **visual representation of a data** set or instructive material. An infographic takes a large amount of information in text or numerical form and then condenses it into a combination of images and text, allowing viewers to quickly grasp the essential insights the data contains. Infographics are all around, from pie charts to diagrams. Infographics have the ability to package more information in a smaller space. (*techopedia.com, November 2014*)

Votre Objectif – Using the results from our Sondage, you and your partner will create an infographic to visually display 5 points of data that you learned from our survey.

Il vous faut:

- A title
- 5 graphic representations (charts, graphs, etc.)
- Captions **en français**
- ALL text on your infographie should be **entirely in French**

			TOTAL
Content Infographic accurately depicts FIVE visual representations of data with captions. All explanations of data are written entirely in Level appropriate French.	0 1 2 3 4 5	X 2 _____	_____ / 10
